BROOKLYN AMERICAN CITY CONVENTION - DECLINA-THER OF THE CANDIDATES FOR MAYOR AND CITY THEA-SURER -An adjourned meeting of the American City Convention was held in Granaca Hall, Myrtle avenue, het evening. The Casirman, J. A. Van Brunt, precided. After calling the roll of delegates, Mr. Britton made a verbal report, to the effect that Mr. George Hall, who was nominated for Mayor, and Mr. Crawford C. Smith, nominated for City Treasurer, declined, for private reasons. The report was accepted, and the Committee discharged.

Mr. Britton, after a few preliminary remarks, in which he repudiated the principles of the Democratic as well as the Republican parties, offered the following: Received. That the American party of the City of Brooklyn hereby reaffirm its well known principles on the subject of the elective franchise, and declares its entire want of conditione in the prehaded colperation of the Republican party on that sub-

elced, That the American party of the City of Brooklyn

Resided, That the American party of the City of Brooklyn behaves in the right of the citzens of every Ferritary behaging to and of every finite is in United States. Do settle their donestic institutions in their own way, and date-elieve the right of expediency of Congress to interfere therewise.

Resided, That meinter the Democratic nor Republican party presents the foregoing principles, but one is a sectional party Booth and the other is a sectional party Booth and the American party of the City of Recoklyn halls with gratification, and will aid with its influence and executions, the indipendent steps toward the expanisation of a National party, to bear triumphantly the foregoing principles through the context of 1880.

The resolutions were unanimously adopted.

Mr. Peck of the Fourth, offered the following:

Whereas, The Hon. George Hall and C. C. Smith, eeq., have delined to accept the nonlistion for the offices of Mayor and City Tresumer; therefore, English, Tast, in the opinion of this Convention, it is deemed heavy dent to nominate candidates other than Controller and Augiter.

An amendment to go into ballot for cardidates, was lost, and the resolution was adopted. The Convention then adjourned sine die.

THE STRIKE MEETINGS .- The furniture carvers held a meeting last evening, at Steuben Hall, Mr. Clark in the chair. More than half of the proprietors of shops have raised their wages from about \$1 37 per day to to \$1 62. Tre number of large establishments devoted to this description of work is about 22, employing 275 men. In addition, there is a large number of small shops, employing several hundred more workenen.

The cap makers held their first meeting on Thursday, at Social Reform Hall, at which no business was done except to commence an organization, by the election of Wm. Neutler as President, and J. Friich Secretary. They propose to demand 25 per cent increase, but are not, as yet, on strike. The number of large shops is bout 20, employing 500 men; small shops, employing foor to six men each, about 50.

The varnishers also assembled and organized last evening, at Steuben Hall, but have as yet taken no steps recessarily identifying them with the strike

SNOW STORM SOUTH .- The Grand Junction (Tenn.

Quidnanc of Saturday last, says:

"We had a real white-robed, hyberborocan snow storm at Grand Junction yesterday morning. Think of that! A snow storm in the zunny South on the 18th of March."

FROM HAYTI,-A letter received in this city from Hayti, reports that Salemon left Port-an-Prince Feb. 25, for Jamaica. His conduct had given offense to the conservative friends of the new Government. It is said that the Government coffee, which is a fifth of the whole product, would probably be sold hereafter at action on the island, instead of shipping it to New-York and Europe on Government account, which has been the custom heretofore.—[Boston Jour-nal March 91

COURT OF AFFERIS. March 25.—Nos. 43, 44, 45, 74, 27, 27, 28, 53—Reserved for April 4. No. 107—Reserved generally for fourth week. Nos. 336, 36, 310, 106, 101—Streek off. Business at the morning's Board was quite limited and prices were somewhat irregular until near the close of the session when there was a stronger disposition to buy, and the market had a moderately improving tone for the remainder of the day. The shorts were buyers to some extent, and one or two of the leading operators on the bull side came in energetically to the support of the market. The rally is partly went up to 191, at which it was in demand. New York Central was not active, but was steady at 78; at the close of the First Board, and at the Second

owing to the oversales of the bears. Reading was one of the strongest stocks dealt in, and in the afternoon sold at 79, at which the stock was firm in final transactions. In Hudson River and Harlem Preferred, there was a very moderate business, but both stocks were firmer. The Western shares went through the First Board without sny important change, except in Michigan Southere, in both classes of which there was a decline of i to i w cast. The annual report, to be issued within a few days, will, it is stated, show a smaller amount of net earnings than was anticipated from the result of the first six months' business and it is upon this statement, probably, that recent sales of the stock have been based. Toledo declined to 24%, but was taken freely at the quotation, and obserd steady. Galens, Rock Island and Illinois Central show so important change, but were all firmer at the Second Board. State stocks continue to show a gradual improvement, but were not largely dealt in to day at either Board. Missouris were firm at 86. Tennessees and Virginias were a fraction better. In Railway Bonds, the largest transactions were in Illinois Centrals, which sold at 90%, and in fair demand. At the Second Board, business was very well distributed, and there was a steady, firm tone, without marked activity. New-York Central and Reading were particularly strong. After the Board, there was a further advance of 1 to 1 & cent for several of the leading stocks; but in the last transactions these figures were not strongly maintained, and the market closed rather dull. The latest prices were for Tennessee 6\*, 911 2911; Missouri 6s, 86 2861; Canton Company, 194 @ 204; Cumberland Coal Compary, 231 221; New-York Central, 791 2794; Erie, 101 @ 101: Harlam, 12 @ 121; Hudson River, 311 @ 311 Reading, 491@497; Michigan Central, 517@514 Michigan Southers, 131 2 13; Preferred do., 44; 245 Panama, 117 2118; Illinois Central, 67 | 268; Ga-

There is a fair business doing in Foreign bills for the steamer, but the market is not firm, few sales of Sterling being made above 109%. Commercial signatures are 109 x 109 | nomically. France are 5 15 x 5.12)

40 9,000 Manuf. of The Bulls' Head Bank has declared a semi-annual

dividend of 4 if cent, payable April 1st. The New-Jersey Central Road has declared 10 per cent, payable in full stock on and after 2d April. The Reading Railroad Company gives notice to the holders of coupons of the Company, due on the lat prexime, to have them at their office on or before the 31st inst., when receipts will be given, and checks will be ready for delivery on the 1st proximo, in exchange for such recripts. The coupons due on the 1st proximo on the 7 cent first mortgage bonds of Sunbury and Eris Railroad Company will be paid, on presentation, at the office of the Company on that day. The interest on the second mortgage bonds of the La Crosse Road will be paid at the Ocean Bank on April 4th.

Tre earnings of the Milwaukee and Mississippi Road in March, are estimated at \$32,500, sgainst \$51,934 m March, 1858. Nothing can give a stronger evidence of the prostration of business at the West than such receipts as these on a road over two hundred miles long. On 1st prox., \$450,000 of the plain boads mature, with no provision for their payment. A report will be made, we miderstand, in a few days by the Southern Michigan Railroad Company of the result of the business of the past fiscal year. The result, we understand, will show that the road has earned the interest on its entire debt, funded and floating, beside making some extraordinary expendi tures on account of road repairs, &c. The track equipage, &c., are reported to be in first rate order, and the managers anticipate a revival of traffic during the current fiscal year which will enable them at least to earn the dividend on the guaranteed stock. The great embarrassment of this concern is its floating debt, which is about a million of dollars, and which is

being slowly settled. We hear of but about \$200,000 going by the steamer to-morrow in specie. Tressury Notes are very inactive, and held at par. For Government 5s, 1874, 104) is bid, with some private sales at 1011, in small lots. There is no pressure on the market of these bonds. The issue of 1865 have been freely taken at 102, in anticipation of their being received in our Bank Department at par for circulation. Mr. N. G. Bradford, jr. (Hawley & Bradford), of the Stock Board, leaves to morrow for Europe. A telegraphic dispaten from Chicago states that the accumulation of grain in store last week was 115,500 bushels, against 169,000 for the corresponding week of last year. The difference in the amount of flour and wheat in store now as compared with last year is 754,000 bushels. The decrease in the receipts of flour and wheat is equivalent, to 1,040,000 bushels. The increase in the receipts of flour and wheat is equivalent, to 1,040,000 bushels. The business of the Clearing-House to-day was \$17,735,511.

The coal shipments from the Scranton region, over the Delaware, Lackawanna and Western Railroad, for the Delaware, Lackawanna and Western Railroad, for the Each of the sales are 420 ble, at \$150,000 to \$150 for the accumulation of \$150 for the receipts of coorn exceed \$10,000 bushels. The business of the Clearing-House to-day was \$17,735,511.

The coal shipments from the Scranton region, over the Delaware, Lackawanna and Western Railroad, for the Each at the accumulation of \$250,000 to \$150 for \$150 f ticipation of their being received in our Bank Depart-

the week ending on the 19th, were 3,935 tune North, and 7,965 tuns South, making 11,901 tuns for the week, against 7,827 tons for corresponding week last year; and 105,163 tuns for the year, against 83,352 tuns to same date last year-showing an increase of 21,741

On the 10th instant, there were detained at the Bar of the South-west Pars of the Misslesippi River for want of water, 42 ships with 100,827 bales of cotton and 2,302 hbds. tobacco. On the bar were two ships, one of which, the Mary E. Campbell, with 5,046 bales,

was on 60 days. The annexed are the quotations for Currency, &c., Land Warrants of Mesers. Le Huray & Co., No.

It was stated some days since that the Committee of the Legislature of Wisconsin had acquited ex Governor Bashtord of complicity in the railroad land grand corruption, with which our readers are already too familiar. The Milwaukee News says that this is not true. The Committee, according to that journal, only found that there was no evidence of any understanding between the ex Governor and Mr. Kilbourn, that the fermer should receive the bonds as a consideration for his approving the bill distributing the land; it did not exorerate him, but, on the contrary, censured him for receiving the bonds after he had approved of the

law.

The Boston Courier says,
Mining stocks were active, with a general improving tendency, and in some quite marked. National opened at 95, an advance of \$5 per share above the asking price of Tuesday. The advices from the mice are very flattering. The mass discovered sometime since has been to far uncovered as to warrant its being 150 tuns, and the whole appearance of the mine is much the same as the Minnesota, which it adjoins. We understand the increase it the shares from 10,000 to 20,000—previously announced—will go into effect 26th instant, and that a transfer office will be opened here. The new stock at \$45 would be the same as the present price, each stockholder receiving two shares for one.

Minnesota is unaccountably dull at 92 asked, but a moderate demand for the stock would put up the tyrice at once. Pontise was one of the most lively of stocks, over 600 shares changing hands at 61 regular, and 7 m 74, buyer 60 days. Toltee started up and sold at 31 m 31, with an active demand since the Board. Letters from the mine received this morning are very encouraging. A mass is now being thrown down which promises to be a large one. The lode all around it also appears to be full of copper. Quincy is firm at 32 bid, 34 asked, and will be quoted assessment paid hereafter. Franklin and Pewabic, both steady at previous prices. The whole market for mining shares strog, with an upward tendendency.

Markets-Carrully Exported for The N. Y. Tribuse.
New York, March 23, 1809.
ASHES-The demand is fair for Pots at \$6; Pearls are in
